Similar to illustration

CLI C conductor markers are mounted on unconnected conductors. Four different sizes are available for labelling conductor cross-sections from 0.5 mm² to max. 70 mm². The markers are already printed and ready for use. Individual labelling is possible by combining the individual markers.

- Closed markers, reliable and for mounting on unconnected cables
- A special flexible bellow profile ensures a wide application range
- Fast and easy to fit – with minimal effort
- Corresponding accessories make labelling easy
- Permanent, high-quality labelling
- High contrast for optimum legibility

0 - 9

The Weidmüller range of conductor and cable marker products provides users with solutions for the most diverse applications. The range of applications extends from narrow conductors right up to cables with large outside diameters. Among the products in the range are combination systems with individual tags, transparent sleeves, shrink-fit sleeves and markers, which can be fixed with cable ties.
