

Adjustable roller lever, for AT4, large packaging

Part no. Article no. Catalog No. HV-GVP 080328 HV-GVP

## **Delivery program**

| Basic function Components   Part group reference AT4   Product range Actuators   Function Adjustable roller lever   Description Excrements |  |
|--|--|
| Part group reference AT4   Product range Actuators   Function adjustable roller lever   Description Extra adding B-AT4 rotaty drive        |  |
| Product range Actuators   Function adjustable roller lever   Description Excreding B-ATA rotacy drive                                      |  |
| Function adjustable roller lever   Description Excreding B-ATA rotary drive  |  |
| Description For adding B-ATA rotary drive  |  |
| To aduling in-Articlary university   |  |
| Max. operating speed lateral 2.3<br>1.1  |  |
| Angle of actuation Degrees 15   50   |  |
| Lever length I mm 150  |  |
| For use with R-AT4   |  |

## Technical data General

| Standards                                |                  |                 | IEC/EN 60947   |
|--|------------------|-----------------|--|
| Climatic proofing                        |                  |                 | Damp heat, constant, to IEC 60068-2-78; damp heat, cyclical, to IEC 60068-2-30 |
| Mounting position                        |                  |                 | As required  |
| Terminal capacities                      |                  | mm <sup>2</sup> |  |
| Solid                                    |                  | mm <sup>2</sup> | 1 x (0.75 - 2.5)<br>2 x (0.75 - 1.5)   |
| Flexible with ferrule                    |                  | mm <sup>2</sup> | 1 x (0.5 - 1.5)<br>2 x (0.5 - 1.5)   |
| Contacts/switching capacity              |                  |                 |  |
| Rated impulse withstand voltage          | U <sub>imp</sub> | V AC            | 6000   |
| Rated insulation voltage                 | Ui               | V               | 500  |
| Overvoltage category/pollution degree    |                  |                 | 111/3  |
| Rated operational current                | l <sub>e</sub>   | А               |  |
| AC-15                                    |                  |                 |  |
| 24 V                                     | l <sub>e</sub>   | A               | 10   |
| 220 V 230 V 240 V                        | l <sub>e</sub>   | А               | 6  |

| Standard-action contact                                    |              | g  | 5                |
| Snap-action contact  |              | g  | 2                |
| Operating frequency  | Operations/h |    | ≦ 6000           |
| Actuation  |              |    |                  |
| Mechanical   |              |    |                  |

| Mechanical                        |    |     |
|-----------------------------------|----|-----|
| Actuating torque of rotary drives | Nm | 0.3 |

## Design verification as per IEC/EN 61439

| Technical data for design verification   |                   |    |  |
|--|-------------------|----|--|
| Rated operational current for specified heat dissipation   | I <sub>n</sub>    | А  | 0  |
| Heat dissipation per pole, current-dependent   | P <sub>vid</sub>  | W  | 0  |
| Equipment heat dissipation, current-dependent  | P <sub>vid</sub>  | W  | 0  |
| Static heat dissipation, non-current-dependent   | P <sub>vs</sub>   | W  | 0  |
| Heat dissipation capacity  | P <sub>diss</sub> | W  | 0  |
| Operating ambient temperature min.   |                   | °C | 25   |
| Operating ambient temperature max.   |                   | °C | 70   |
| IEC/EN 61439 design verification   |                   |    |  |
| 10.2 Strength of materials and parts   |                   |    |  |
| 10.2.2 Corrosion resistance  |                   |    | Meets the product standard's requirements.   |
| 10.2.3.1 Verification of thermal stability of enclosures   |                   |    | Meets the product standard's requirements.   |
| 10.2.3.2 Verification of resistance of insulating materials to normal heat   |                   |    | Meets the product standard's requirements.   |
| 10.2.3.3 Verification of resistance of insulating materials to abnormal heat and fire due to internal electric effects |                   |    | Meets the product standard's requirements.   |
| 10.2.4 Resistance to ultra-violet (UV) radiation   |                   |    | Please enquire   |
| 10.2.5 Lifting   |                   |    | Does not apply, since the entire switchgear needs to be evaluated.                                       |
| 10.2.6 Mechanical impact   |                   |    | Does not apply, since the entire switchgear needs to be evaluated.                                       |
| 10.2.7 Inscriptions  |                   |    | Meets the product standard's requirements.   |
| 10.3 Degree of protection of ASSEMBLIES  |                   |    | Does not apply, since the entire switchgear needs to be evaluated.                                       |
| 10.4 Clearances and creepage distances   |                   |    | Meets the product standard's requirements.   |
| 10.5 Protection against electric shock   |                   |    | Does not apply, since the entire switchgear needs to be evaluated.                                       |
| 10.6 Incorporation of switching devices and components   |                   |    | Does not apply, since the entire switchgear needs to be evaluated.                                       |
| 10.7 Internal electrical circuits and connections  |                   |    | Is the panel builder's responsibility.   |
| 10.8 Connections for external conductors   |                   |    | Is the panel builder's responsibility.   |
| 10.9 Insulation properties   |                   |    |  |
| 10.9.2 Power-frequency electric strength   |                   |    | Is the panel builder's responsibility.   |
| 10.9.3 Impulse withstand voltage   |                   |    | Is the panel builder's responsibility.   |
| 10.9.4 Testing of enclosures made of insulating material   |                   |    | Is the panel builder's responsibility.   |
| 10.10 Temperature rise   |                   |    | Not applicable.  |
| 10.11 Short-circuit rating   |                   |    | Is the panel builder's responsibility. The specifications for the switchgear must be observed.           |
| 10.12 Electromagnetic compatibility  |                   |    | Is the panel builder's responsibility. The specifications for the switchgear must be observed.           |
| 10.13 Mechanical function  |                   |    | The device meets the requirements, provided the information in the instruction leaflet (IL) is observed. |

## **Technical data ETIM 6.0**

Sensors (EG000026) / Drive head for position switches/hinge switches (EC001483)

Electric engineering, automation, process control engineering / Binary sensor technology, safety-related sensor technology / Position switch / Drive head for position switches (ecl@ss8.1-27-27-06-04 [BAA083009])

Type of control element

Adjustable roller lever
