

## Circuit-breaker, 3p, 220A

Part no. **NZMH3-ME220**  
 Article no. **265789**

## Delivery program

Product range				Circuit-breaker
Protective function				Motor protection
Standard/Approval				IEC
Installation type				Fixed
Release system				Electronic release
Construction size				NZM3
Description				IEC/EN 60947-4-1, IEC/EN 60947-2 The circuit-breaker fulfills all requirements for AC-3 switching category. R.m.s. value measurement and "thermal memory" adjustable time delay setting to overcome current peaks $t_r: 2 - 20$ s at $6 \times I_r$ or infinity (without overload releases) All AC-3 rating data applies to direct switching by the circuit-breaker under normal operating conditions. If, for example, a contactor takes over AC-3 switching under normal operating conditions, the full rated uninterrupted current applies to the circuit-breaker, $I_n = I_u$ .
