

Release relay, 250VAC, 1 N/C, 10-16A, 1HP

Part no. Z-LAR16-0
Article no. 248257

Similar to illustration

Technical data ETIM 6.0

Devices for distribution board-/surface mounting (EG000062) / Load shedding relay for distribution board (EC001655)			
Electric engineering, automation, process control engineering / Electrical installation, device / Modular serial built-in device for electrical circuit distributors / Load shedding relay for distribution board (ecl@ss8.1-27-14-23-32 [ACN383008])			
Nominal rated voltage	V		250
Rated current I _u	A		10 - 16
Just-operate current	A		10 - 16
Max. time-delayed switch-off	ms		0
Max. continuous current	A		16
Number of normally open contacts			0
Number of normally closed contacts			1
Number of change-over contacts			0
Rated current (control contacts)	A		1
Max. switching voltage (control contacts)	V		250
Max. switching power (control contacts)	VA		4.66
Electrical lifespan (control contacts)	c (contacts)		100000
Mechanical lifetime (control contacts)	c (contacts)		0
Max. electrical operating cycles	c/h		3600
Voltage type			AC
Mounting method			DIN rail
Width in number of modular spacings			1
Built-in depth	mm		60
Degree of protection (IP)			IP20
