Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Distribution block, Basic terminal block, nom. voltage: 450 V, nominal current: 24 A, number of connections: 12, connection method: Push-in connection, cross section: 0.14 mm<sup>2</sup> - 4 mm<sup>2</sup>, mounting type: for snapping onto a DIN rail adapter, Direct mounting with flange, Free-hanging, color: brown

### Your advantages

- · Flexible use, thanks to DIN rail mounting, direct mounting or adhesive mounting
- Space savings of up to 50 % on the DIN rail, thanks to transverse mounting
- Time savings of up to 80 %, thanks to ready-to-mount blocks without manual bridging
- · Time-saving conductor connection, thanks to tool-free Push-in direct connection technology
- · Clear wiring, thanks to eleven different color variants

### Commercial data

| Relative insulation material temperature index (Elec., UL 746 B)        | 130 °C                                   |
| Fire protection for rail vehicles (DIN EN 45545-2) R22                  | HL 1 - HL 3                              |
| Fire protection for rail vehicles (DIN EN 45545-2) R23                  | HL 1 - HL 3                              |
| Fire protection for rail vehicles (DIN EN 45545-2) R24                  | HL 1 - HL 3                              |
| Fire protection for rail vehicles (DIN EN 45545-2) R26                  | HL 1 - HL 3                              |
| Calorimetric heat release NFPA 130 (ASTM E 1354)                        | 28 MJ/kg                                 |
| Surface flammability NFPA 130 (ASTM E 162)                              | passed                                   |
| Specific optical density of smoke NFPA 130 (ASTM E 662)                 | passed                                   |
| Smoke gas toxicity NFPA 130 (SMP 800C)                                  | passed                                   |

### Mechanical properties

| Mechanical data |    |
|-----------------|----|
| Open side panel | No |

### Mechanical tests

#### Attachment on the carrier

| Result | Test passed  |
|--------|--|
| Note   | When aligning several blocks, it is recommended to either place<br>a DIN rail adapter underneath the connection point or a flange<br>element between the blocks. |
|        | For versions with 6 or 7 connections, it is enough to place one<br>DIN rail adapter centrally per block and place flange elements<br>after every other block.    |
|        | When using the DIN rail adapter PTFIX-NS35, an aligned block must not protrude by more than a half.  |

### Environmental and real-life conditions

| Needle-flame test |      |
