ESD electronic front cutter, without chamfer, with opening spring, type of packaging: with holder for sales display (backcard)

Product description

Note:
Due to the current challenges of the global procurement market, Phoenix Contact has unfortunately been forced to accept a different ESD-compliant material. In future, the tools will be supplied with plastic handles in black/turquoise. This does not affect the function or quality of the ESD pliers.

Your advantages

- Ergonomically designed two-component handles for fatigue-proof and non-slip use
- Opening spring for uniform, smooth opening
- Through-connected joint for permanent stability and optimum distribution of force
- Mirror-polished and phosphate-treated metal surfaces for optimum rust protection and no glare when working
- Made from special high-grade tool steel
- The special conductive plastic handles ensure slow and safe removal of electrostatic energy according to standards and directives such as DIN EN 61340-5

Commercial data

Item number	1212794
Packing unit	6 pc
Minimum order quantity	6 pc
Sales key	BH31
Product key	BH3152
GTIN	4046356995009
Weight per piece (including packing)	89.4 g
Weight per piece (excluding packing)	89.4 g
Customs tariff number	82032000
Country of origin	DE
