Distributor box, application: Standard, connection method: M12-SPEEDCON-socket Plastic, number of slots: 8, number of positions: 4, coding: A, slot assignment: single, status display: Yes, pnp; master cable connection: Spring-cage connection 180°, shielding: no

### Your advantages

- · Safety in the field, thanks to molded housing and high degree of protection
- Convenient: increased machine availability thanks to quick and easy diagnostics
- · Save time, thanks to installation with SPEEDCON fast locking system
- · Flexible: distributor box with connector hood for on-site assembly

### Commercial data

| Item number                          | 1453025             |
|--------------------------------------|---------------------|
| Packing unit                         | 1 pc                |
| Minimum order quantity               | 1 pc                |
| Sales key                            | BF41                |

### Technical data

| Notes   |   |
|---------|---|
| General | When connecting the signal lines to the black PCB terminal<br>blocks, please use a 0.4 x 2.0 mm screwdriver.The black PCB terminal blocks only require a minimal amount of<br>operating force.Screwdriver: SZS 0,4X2,0 - 1205202Using larger screwdrivers or excessive force may damage the<br>PCB terminal blocks.When using ferrules, the wires can be inserted straight into the<br>PCB terminal blocks without opening the clamping area. |
| General | Item 1412060 SACB-8/16-L-PT SCO P is a version with the same connection cross section for signals and energy supply from 0.2 mm <sup>2</sup> to 1 mm <sup>2</sup> . This sensor/actuator box with double slot assignment also features a master cable connection with Push-in connection terminal blocks.   |
| General | NOTE: Observe the permissible bending radii when laying<br>conductors, since the degree of protection may be put in<br>jeopardy if the bending forces are too high. Alleviate mechanical<br>loads upstream of the connector, e.g. by using cable ties.  |
| General | Unused slots are to be sealed off prior to commissioning.<br>Suitable sealing elements are to be found under "Accessories".   |

#### Product properties

| Product type        | Distributor box |
|---------------------|-----------------|
| Number of positions | 4               |
| Application         | Standard        |
| Number of slots     | 8               |
| Coding              | A               |
| LED                 | yes             |

### System properties

| Local diagnostics      |                |  |
|------------------------|----------------|--|
| Monitored function     | Supply voltage |  |
| Optical representation | Green LED      |  |

#### Electrical properties
