Program and configuration memory for extending the internal Flash memory, plug-in, 2 GB, with license key for webMI from atwise®

Similar figure

Product Description

Program and configuration memory for storing the application programs and other files in the file system of the PLC, with license for using the webMI functionality from atwise®.

The webMI functionality can only be used in conjunction with the atwise Builder 2.5 software and class 1x1 controllers as of firmware 4.30 or the AXC 1050 as of firmware 2.10.

Please observe the specified performance data of your controller(s) and check that it/they are suitable for your application.

For users who do not wish to use the webMI functionality, the program and configuration memory is also available without a license as an option.

Your advantages

- ✓ Program and configuration memory, plug-in, for webMI from atwise®
- ✓ For storing application programs and other files in the file system of the PLC
- ✓ License key for webMI from atwise®
