Combination of type 2 surge protection and arrester backup fuse, with monitoring of arrester and arrester backup fuse, in combination with a status indicator and remote indication contact. Design: 4-conductor system (L1, L2, L3, PEN), mounting on NS 35 DIN rail

#### Your advantages

- Combinations of type 2 arresters with integrated arrester backup fuse
- · Signaling to monitoring systems via remote indication contact in the event of an error
- · Overload of the surge protection results in all-pos. disconnection from the mains
- Type 2 consistent plug-in surge arresters
- · Optical, mechanical status indication for the individual arresters
