**Customised identification: EL**

The endless variations of MultiMark markers make them an economical alternative to conventional tag rails or special labels. For any given width, the length can be precisely configured by the software to match the respective markers perfectly. A blade is used to cut the labels individually to the specified size. Perfect for producing large labels for function blocks or complete terminal blocks.

General ordering data

Type	THM EL 30 GE 30M
Order No.	1517190000
Version	THM, Device markers, 30, yellow
GTIN (EAN)	4050118325126
Qty.	1 pc(s).
compatible printer	2430920000 2448870000 2599430000 2599440000

Creation date May 4, 2020 2:05:15 AM CEST

Catalogue status 17.04.2020 / We reserve the right to make technical changes.

Accessories**Ink ribbons**

Our marking systems can be used to quickly and reliably label connector markers, conductor and cable markers, device markers and labels. The M-Print® PRO software enables rapid and easy identification of your electrical equipment. You can design, label and order your marking materials professionally and quickly. Frames, barcodes, graphics or photos are easily incorporated. The versatile data conversion routines enable quick and flexible data integration. The Weidmüller PrintJet ADVANCED, MCP Plus and MCP Basic printers and the THM series printers are available for printing.
